▪ PROJECT MANAGEMENT REFERENCE LIST

PROJECT DIRECTOR

- Investor / Realization date Hemofarm Stada AG Global Team / September 2011-December 2012
 - **Project Name** **SCORE Project - Supply Chain process optimization**
- Building type / Area of building Inventory management / Demand planning processes APO/SAP
 - Project budget

- Investor / Realization date Hemofarm doo Banjaluka, Bosnia / May - September 2007
 - **Project Name** **Plant for Solid dosage forms production, laboratories and warehouse ¹⁾**
- Building type / Area of building Conceptual solution & Plant design (reconstruction) / 5.000 m²
 - Project budget

- Investor / Realization date Hemofarm AD Vršac / November 2006 - May 2007
 - **Project Name** **Plant for Solid dosage forms production ¹⁾**
- Building type / Area of building Reconstruction of GMP production department for material gravity flow / 300 m²
 - Project budget *Public tender*

- Investor / Realization date Kiev Vitamin Plant, Ukraine / November 2006 - May 2007
 - **Project Name** **GMP Plant for Solid dosage forms production**
- Building type / Area of building Plant & Process design and reconstruction / 25.000 m²
 - Project budget *International tender*

- Investor / Realization date Ministry of Health of Republic Serbia / January 2006 - November 2007
 - **Project Name** **Reconstruction of the facility for OPV production on Torlak Institute: Biosafety level 2+²⁾**
- Building type / Area of building Reconstruction of polio vaccine department on Institute Torlak (phase I) / 1.800 m²
 - Project budget *Public international tender invested by EIB*

- Investor / Realization date Zorka Pharma AD Šabac / February - September 2006
 - **Project Name** **Reconstruction of the production department for granulation ¹⁾**
- Building type / Area of building Reconstruction of solid dosage production plant / 500 m²
 - Project budget *Public tender*

- Investor / Realization date Zorka Pharma AD Šabac / November 2004 - June 2005
 - **Project Name** **Department for central weighing of raw material in pharmaceutical plant ¹⁾**
- Building type / Area of building Plant reconstruction / 400 m²
 - Project budget *Public tender*

- Investor / Realization date Hemovet Zorka Pharma AD, Bački Petrovac / October 2004 - April 2005
 - **Project Name** **Reconstruction of the Plant for Crop protection agents production (SC)**
- Building type / Area of building Plant adaptation / 500 m²
 - Project budget *Project Portfolio*

- Investor / Realization date
 - **Project Name**
 - Building type / Area of building
 - Project budget
- Pharmaceutical Company New Technology, Moscow / April - December 2004
Systems for storage and distribution of process media (PW, WFI and CS) in the Plant for sterile pharmaceutical production ³⁾
Installation in the New plant / more than 2500 m of stainless steel pipes. Fully automatized
Public international tender
-
- Investor / Realization date
 - **Project Name**
 - Building type / Area of building
 - Project budget
- Zorka Pharma AD, Šabac / September 2003 - September 2004
Plant for liquids and semi-solid pharmaceutical production ¹⁾
Plant reconstruction / 2.500 m²
Project Portfolio
-
- Investor / Realization date
 - **Project Name**
 - Building type / Area of building
 - Project budget
- Zorka Pharma AD, Šabac / June - December 2004
Systems for storage and distribution of process media (PW and CS) in the Plant for liquids and semisolids pharmaceutical production ¹⁾
Installation in the New plant / more than 1200 m of stainless steel pipes. Fully automatized
Project Portfolio
-
- Investor / Realization date
 - **Project Name**
 - Building type / Area of building
 - Project budget
- Hemofarm AD, Vršac / April 2002 - October 2003
Plant for sterile pharmaceutical production of SVP - ampoules and freeze-dried products⁴⁾
New Plant / 5500 m²
Project was supervised by EBRD

SENIOR PROJECT MANAGER

- Investor / Realization date
 - **Project Name**
 - Building type / Area of building
 - Project budget
- Stada AG Germany / October 2006 - September 2007
Production Plant for Oral liquid forms (Syrups) in Zorka Pharma Šabac ¹⁾
Plant build-up and Relocation of the production equipment / 1.000 m²
Project of Plant optimization portfolio
-
- Investor / Realization date
 - **Project Name**
 - Building type / Area of building
 - Project budget
- Ministry of Agricultural of Republic Serbia / april - September 2006
Reconstruction of Laboratory for testing of Animal Disease (List A and BSE) – Veterinary Scientific Institute in Belgrade, Belgrade - Biosafety level 3 ⁵⁾
Conceptual&Basic design of National laboratory for animal health / 400 m²
Public tender
-
- Investor / Realization date
 - **Project Name**
 - Building type / Area of building
 - Project budget
- LaborMed Pharma srl, Romania / August - December 2006
Plant for Solid dosage forms production – Plant validation phase
New Plant
International project
-
- Investor / Realization date
 - **Project Name**
 - Building type / Area of building
 - Project budget
- Hemomont doo, Montenegro / September 2005 - April 2006
Plant for Sterile production (Infusion solution and ophthalmic drops) -cGMP
Plant reconstruction / 1.000 m²
-
- Investor / Realization date
 - **Project Name**
 - Building type / Area of building
 - Project budget
- Kiev Vitamin Plant, Ukraine / February - July 2005
Plant for solid dosage production
Expert review of project of plant reconstruction / 11.000 m²
Consultancy project for 3rd party

- Investor / Realization date
 - Project Name
- Building type / Area of building
 - Project budget

Hemofarm AD Vršac / June 2004 - October 2005
Plant for Solid dosage forms production in Obninsk-Russia 1)
 New Plant / 12.500 m2
Project was supervised by EBRD

- Investor / Realization date
 - Project Name
- Building type / Area of building
 - Project budget

Hemofarm AD. Banialuka / April 2002 - Februarv 2003
Plant for solid dosage forms production ¹⁾
 Plant reconstruction / 4.500 m2
First EU GMP Pharmaceutical Plant in Bosnia

- Investor / Realization date
 - Project Name
- Building type / Area of building
 - Project budget

Hemovita doo, Algeria / April 2001 - February 2002
Plant for solid dosage effervescent forms production
 New plant / 3.000 m2
Only design and preparation phases were realized

PROJECT MANAGER

- Investor / Realization date
 - Project Name
- Building type / Area of building
 - Project budget

Hemofarm AD, Vršac / November 2002 - October 2003
Microbiological laboratory ⁵⁾
 Building adaptation / 1.000 m2
As a part of SVP project realization

- Investor / Realization date
 - Project Name
- Building type / Area of building
 - Project budget

Pharmaceutical Company New Technology, Moscow / October 2001 - June 2002
Plant for sterile dosage forms production (injectible ampoules) ³⁾
 New building / 18.000 m2
Head o a team for equipment URS and contracting

- Investor / Realization date
 - Project Name
- Building type / Area of building
 - Project budget

Hemofarm AD, Vršac / December 1999 - June 2000
Plant for sterile pharmaceutical production of freeze-dried products
 Plant reconstruction / 1.000 m2

- Investor / Realization date
 - Project Name
- Building type / Area of building
 - Project budget

Hemofarm AD, Vršac / November 1995 - October 1996
Plant for solid dosage effervescent forms production ¹⁾
 Plant reconstruction / 600 m2
as a part of SDF Plant

PROJECT ENGINEER

- Investor / Realization date
 - Project Name
- Building type / Area of building
 - Pre-Investment value

Panfarma Beograd / May 1998 - March 1999
Plant for production of cephalosporine antibiotics
 New plant / 5.000 m2
Design phase only was realized

- Investor / Realization date
 - Project Name
- Building type / Area of building
 - Project budget

Hemofarm AD, Vršac / September 1995 - October 1996
Plant for solid dosage forms production ^{1, 6)}
 New plant / 12.500 m2
New production design - vertical material flow

- Investor / Realization date
- **Project Name**
- Building type / Area of building
- Project budget

Tumen (Siberia), Russia / September 1994 - December 1995

Plant for solid dosage forms and infusion solution production

New plant / 7.500 m2

Engineer for solid dosage production

NOTE:

- ¹⁾ GMP Approved by Regierungspräsidium Darmstadt from Germany;
- ²⁾ WHO Design approved by international consultation agency hired by MOH;
- ³⁾ Certificate of the Ministry of Health of the Russian Federation; ⁴⁾ FDA pre-approved Plant;
- ⁵⁾ WHO Design approved by international consultanting agency hired by EIB;
- ⁶⁾ MCA Certificate for the Great Britain market
